

Regulations on teaching from June 21, 2021 at all schools in Bavaria

as of: June 07, 2021

As of **Monday, June 21, 2021**, the following regulations will apply uniformly **to all schools** in Bavaria (including the SVE - Schulvorbereitende Einrichtungen [Facilities for Pre-School]):

With a seven-day incidence

- **from 0 to 100:**
full classroom teaching (i.e. without minimum distance) for all classes
- **from 100 to 165:**
alternate or classroom teaching with minimum distance for all classes
- **over 165:**
alternate teaching or classroom teaching with minimum distance for class 4 (insofar as teaching is carried out according to the curriculum of primary schools) and for senior classes, including class 11 at grammar schools and technical colleges, and the corresponding classes of evening grammar schools and colleges;
other classes: distance learning.

It should also be noted what follows:

- Regarding the question from which time (when exceeding or falling below a threshold value (100, i.e. 165)) the respective form of teaching applies, the “three-day regulation, i.e. the five-day regulation” will continue to apply according to the specifications of the respective version of the “Bayerische Infektionsschutzmaßnahmenverordnung” [Bavarian Infection Protection Measures Ordinance]; implementation of the measures then as of the day after the next day:

Examples:

- a) **Exceedance** of the respective threshold value on Sunday, Monday, Tuesday → implementation as of Thursday
- b) **Falling below** the respective threshold value on Wednesday, Thursday, Friday, Saturday, Sunday → Implementation as of Tuesday

- For students **from class 5 onwards**, it will - as it has already been as of June 07, 2021 - be mandatory to wear a medical face mask (“surgical face mask”) on the entire school grounds (including classroom). Please pay attention to a tight fit. A mouth-nose cover (“community face mask”) will no longer be sufficient.
- Classroom teaching will continue to only be available for those who can present a current, **negative Covid 19 test result**. For more information, see www.km.bayern.de/selbsttests.
- Applications for leave of absence from classroom teaching can still be submitted to the school management.

Further information on local teaching can be obtained from your school.
